(1) All remittances in payment of taxes should be made payable to Jacob W. Hook, Collector.

(2) No receipt valid unless signed by either the Collector, Deputy Collector or Cashiers.

(3) Taxes are due and payable January 1st of each year and bills can be had upon application of the Taxpayer in person or by mail.

(4) This year the discount allowed for prompt payment was as follows: On Real Property if paid by February 28th, 1 per cent.; March 31st, ¾ per cent.; April 30th, ½ per cent.; May 31st, ¼ per cent.

(5) Discount on Personal and Securities bills same as Real Estate, with the exception that no discount is allowed after April 30th.

(6) Taxes on Personal Property are in arrears May 1st and on Real Estate July 1st of each year, and taxes on both forms of said property, after they become in arrears, bear interest at the rate of six per centum per annum.

(7) Chapter 532 of the Acts of 1914 provide as follows: Taxes on real estate or chattels real and on all forms of personal property, including shares of stock and other property valued or subject to valuation by the State Tax Commissioner, shall be in arrears on the first day of July of the current year and bear interest from that date at the rate of six per centum per annum. In addition, if taxes are not paid before the date they become in arrear an amount equal to one per centum per annum of the gross amount of each bill accounting from the time said taxes become in arrear, shall be added thereto as a penalty and collected in the same manner as the bill itself.

(8) All applications for change in assessment should be made to the Appeal Tax Court as the Collector's Office has nothing whatever to do with the assessment of property. Persons whose names are on the tax-books will be held responsible for taxes, even though they may have disposed of the property, unless said persons, before September of each year, go before the Appeal Tax Court and have said property abated or transferred. Changes, however, in the valuation of corporation stock are made and adjusted through the State Tax Commissioner at Annapolis and not by the City Tax Collector or Appeal Tax Court.

COLLECTOR'S HEADQUARTERS.

Room 5.

DANIEL J. LODEN, Collector.

To whom all remittances in payment of Water Rents, Meter Bills and Licenses should be made payable. No receipt valid unless signed by either the Collector or Cashiers.

All water rents and licenses are due and payable annually in advance on the first day of January. Meter bills are rendered quarterly and should be paid within ten days thereafter .

Water bills not paid by the first day of October shall be collected in the same manner and subject to the same costs as the City Collector is or may be authorized to demand in collecting taxes overdue to the city.

No abatements shall be made on water rents for vacancies except in case where the Department is notified of date of vacancy and date of occupancy. A charge of one dollar shall be made for turning off and on, to be paid before water is turned off.

All bills in arrears may be deemed a sufficient reason for stopping the water until all the arrears are paid.

Whenever the water is stopped off for non-payment of water rents, one dollar shall be paid to the Collector of Water Rents and Licenses before the supply is turned on again.

The owners of property will in all cases be held responsible for the payment of water rates.

All persons using the city water without the knowledge of the Collector of Water Rents and Licenses and all persons permitting their neighbors to use the water without a *written permit*, will be subject to a fine of not less than $1.00 nor more than $3.00 for each offence.

No person or persons will be permitted to introduce the city water on his, her or their premises without the authority of the Collector of Water Rents and Licenses.

Any person tapping, or causing to be tapped, any pipe belonging to the City or any private pipe connecting with the city pipe will be subject to a fine of twenty dollars.

All charges for water rates, exclusive of meter rates, shall be made for the current calendar year, and shall be due and payable yearly in advance.

T. W. MURPHY, Stenographer, 3109 Presbury St., Walbrook 1008.

This is the city's treasury department. This department also has charge of issuing and transferring the city stock.

COMMISSIONERS OF FINANCE.

The Board of Commissioners of Finance is composed of John M. Littig, President; Mayor James H. Preston, Comptroller James F. Thrift, City Register Richard Gwinn and Harry Fahnestock. The gentlemen named first and last are in no other way connected with the city administration and serve without compensation.

This Board is one of the most important in the city's affairs, yet it is probably least known by the general public. It is the financial agency of the city government, except in the matter of moneys provided by direct taxation. When city loans are authorized, the time they are to run, the rate of interest they bear and the interest payment periods are fixed by the Commissioners of Finance. They also arrange for and determine the amount of city stock that shall be sold, from time to time, and agree upon the price it is sold for. The "over the counter" idea was originated by this Board in 1907, and the plan has been adopted by many of the large cities throughout the country.

The care of the Sinking Funds for redemption of the funded debt of the city is in the exclusive control of this Board, and its accounts are held separate and distinct from those of the Mayor and City Council, as much so as two business houses hold their accounts separate from each other.

This Commission is one of the leading departments in the work of City planning and designing.

The Topographical Survey Commission has for its principal duty the designing of and supervision over the street plan for that portion of the City known as the Annex. Before any street can be condemned or opened by the City within this territory, it must be approved by this Commission as to location, width, etc. The Department also prepares most of the preliminary plats for the condemnation and opening of streets within the City limits and also has supervision over a general plan of grades for all streets in the territory known as the Annex. This Department also operates the Municipal Blue Print Plant in which all blue printing of maps, drawings, etc., for the City Departments are made.

WHERE TO GO TO SECURE PERMITS.

There is quite a varied assortment of permits issued by the City. Each of its kind is important. Without the requisite permit to do a certain thing, it is illegal to do that which the permit is presumed to authorize. Hence, the necessity of knowing what matters are subject to permit and what particular department is-

sues that especial permit which a person may want. In order to familiarize the public with this very practical phase of municipal business, the Journal has procured from the City Comptroller's office a classified catalogue of permits, with the charge attached to each. The list is as follows:

BUILDING INSPECTOR AND BOARD OF ESTIMATES.

Applications for the following public franchises and minor privileges are made through the Inspector of Buildings Department. The applications are forwarded by the Building Inspector to the Board of Estimates, which Board takes them up for definite action at its regular meetings every Tuesday in the Mayor's Reception Room at 11 A. M. The charges made for these franchises and minor privileges are payable at the office of the City Comptroller.

ARC LAMPS—$1 per annum inside 30 inches of building line.

AREAS—75 per cent. assessed value of lot per square foot.

AWNINGS, CANVAS—10 cents per lineal foot per annum. Minimum charge $2 per annum. Annual charge is made because awnings are portable fixtures.

BALCONIES—$5 each for not over 10 square feet. Flat charge is made because balconies are architectural decorations.

BANNERS—$2.50 per week for advertising purposes, such as excursions, baseball games, etc. No charge for political purposes, fraternal orders, churches or organizations not advertising strictly for business purposes or individual profit.

BARBER POLES—$1 per annum .

BAY WINDOWS—$100 from pavement to second story: $10 for each additional story above.

BOW WINDOWS—Not allowed in Burnt District. 50 cents per square foot, plan measure, flat charge, outside of Burnt District. Remodeling or alteration to bow windows, new sides, not to be any larger than the old sizes, a flat charge of $2. The latter adopted February 11, 1914, by Board of Estimates.

BOARD AND SHEET METAL SIGNS—If flat against the wall and if less than 100 square feet, no charge.

If flat against the wall and over 100 square feet, $1 per annum.

These signs with mouldings not to project more than three inches from building line.

Signs projecting parallel, or at right angles from building line, $1 per annum.

No board or metal sign to project more than two feet from building line.

COAL HOLES AND CHUTES—75 per cent. assessed value of lot per square foot.

ELECTRICAL SIGNS—10 cents per annum per square foot of surface or part of square foot of such sign space. The square feet of sign space on one side of an electric sign, however, shall be deemed the entire number of square feet of sign space. All electric signs to be lighted at time stipulated by Superintendent of Lamps and Lighting and to remain lighted until 12 M., and to have not less than eight-candle power lamp to each square foot of surface. Lamps to be equally distributed over each face of sign. The house end of sign to start at building line against front wall and may extend from this point to curb. All electric signs to be of metal construction.

FLAG POLES—If used to support American flag, no charge. If used for advertising purposes, 25 cents per week for each pole with streamers. Streamers to be in proportion as directed by the Inspector of Buildings.

GASOLINE TANKS—One barrel size, $2 per annum; $1 for each additional barrel capacity per annum.

LAMPS, GAS AND ELECTRIC—$1 each per annum. To be lighted at time stipulated by Superintendent of Lamps and Lighting.

MARQUISE—Five cents per square foot per annum. Minimum charge $2 per annum.

MUSLIN SIGNS—If 100 square feet or more and for advertising purposes, $1 per week for each 100

square feet or part thereof. Less than 100 square feet, no charge.

STORM DOORS—$5 per annum outside the Burnt District. Not allowed in Burnt District.

STREAMERS—If electric, 16 C. P. or less, five cents each lamp per annum. Minimum charge, $2 per annum. Maximum charge, $25 per annum.

SUPERSTRUCTURES AND BRIDGEWAYS—15 cents per square foot per annum, subject to ordinance.

TELEPHONE SIGNS—Under two feet square, $1 per annum. Not to project more than two feet.

TUNNELS—50 per cent. assessed value of lot per square foot.

VAULTS—50 per cent. assessed value of lot per square foot.

CITY ENGINEER AND BOARD OF ESTIMATES.

MEMORANDA.

MEMORANDA.

Baltimore is the closest Atlantic Seaport to the Great Middle West. For that reason Baltimore's freight rates to and from all the leading western shipping centers are lower than the rates enjoyed by New York, Philadelphia and Boston.

BALTIMORE'S ADVANTAGES

EVERY LETTER HAS A MEANING

Biggest Bonding Companies

Abundant Skilled Labor

Large Retail and Jobbing House Trade

Trust Companies and Banks

Ideal Sites and Water Fronts

Municipal Dock System

Ocean Steamers and Coast Liners

Railroad Facilities

Electric Power for Factories

The Panama Canal makes Baltimore the closest of all the big Atlantic Seaports to the Western Coast of South America as well as to the Eastern Coast.

Baltimore, moreover, is Four Hundred Miles closer than San Francisco to Valparaiso, Chile. Baltimore is also the closest direct route to Southern Europe.
